Mr. President,

Members of the IDF, who respect the United Nations Charter and believe in the declaration of human rights, hereby protest and express their deepest concern regarding the assignment of a seat on the UN Human Rights Council Advisory Committee to a representative of the Islamic Republic government in Iran.

Granting a seat on the UN Human Rights Council Advisory Committee to a government that massacred more than 30,000 people during the recent peaceful demonstrations is not only incompatible with the principles of the United Nations, it also constitutes a blatant insult to the Iranian nation and shall be used as an encouragement to the regime who shamefully commits to crimes against humanity.

With this letter, we request that you immediately expel Ms. Afsaneh Nadirpour, as the representative of this regime from the UN Human Rights Council Advisory Committee.

Should you fail to do so, the disgrace of selecting an official from a murderous government that massacres innocent people and systematically and permanently tramples upon human rights will remain as a black mark to the United Nations as a whole.

Should you ignore this legitimate demand, we will spare no effort to expose this shameful UN selection to the world until the representative of this criminal regime has been expelled.

Respectfully Submitted,

Assadollah Nasre-Esfahani (former minister)
